EDUCATION

Guru Gobind Singh Indraprastha University, USAR Aug 2023 – Present
Bachelor of Technology
Specialization: Industrial Internet of Things (IIoT); *SGPA: 8.35*

Hamdard Public School, New Delhi Apr 2022 – Mar 2023
Class XII; Percentage: 81.6%

SKILLS

Languages	Java, JavaScript
Frameworks	React, Node.js, Tailwind CSS
Tools & Cloud	Git, GitHub, Docker, MongoDB, MySQL
Technical Skills	Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Database Management

PROJECTS

Traffic Hive (*AI, REST API, React*)(Project Link) February 2025

- Developed an AI-powered traffic management system to optimize signal timing and monitor violations across complex intersections.
- Achieved a simulated congestion reduction of **30%** in controlled scenarios via real-time optimization algorithms.
- Secured **1st Place** at the Smart Delhi Ideathon 2025, receiving recognition from the Lt. Governor of Delhi.

Smart Sanitation (*AI, REST API, React*)(Project Link) August 2025

- Built an AI-driven sanitation management platform to **track cleaning** and ensure **timely maintenance** across urban zones, improving hygiene and efficiency.
- Enhanced operational planning by **analyzing sanitation data** and **optimizing resource allocation**.
- Awarded **2nd Place** at the **NHAI hackathon 2025**, recognized for innovation in sustainable urban sanitation.

EXPERIENCE

Freelance Developer July 2025 – August 2025
Akshat Udhyam Techno Solutions *Remote*

- Independently designed and developed a fully responsive web application using **React.js**, translating business requirements into a functional user interface.
- Optimized **frontend performance** and **accessibility**, ensuring a seamless User Experience (UX) across devices by implementing modern component structures.
- Enforced strict code quality by adhering to modern web standards, including **ES6 modules** and responsive grid systems to ensure long-term **maintainability**.

HONORS & AWARDS

- **Winner, Smart Delhi Ideathon 2025**: Secured 1st place among 1000+ teams for an AI-based traffic optimization system.
- **Founder:** ACTS (Association of Computing, Technology and Science) at USAR, where I hosted multiple webinars, technical sessions, and hackathons.
- **Runner-Up, NHAI Hackathon 2025**: Ranked 2nd out of 138 entries for an AI-powered highway maintenance solution.
- **Led teams to major achievements:** 1st place – Smart Delhi Ideathon 2025 and 2nd place – NHAI Hackathon 2025.
