WORK EXPERIENCES

Developer | Freelance

Jul 2025 - Aug 2025

Akshat Udhyam Techno Solutions

Remote

- Independently **designed and developed** a fully responsive web application using **React.js**, translating business requirements into a functional user interface.
- Optimized frontend performance** and accessibility, ensuring a seamless User Experience (UX) across devices by implementing modern component structures.
- Enforced strict code quality** by adhering to modern web standards, including ES6 modules and responsive grid systems to ensure long-term maintainability.

PROJECTS

Traffic Hive | 📁

Feb 2025

- Developed an AI-powered traffic management system** to optimize signal timing and monitor violations across complex intersections.
 - Achieved a simulated congestion reduction of 30%** in controlled scenarios via real-time optimization algorithms.
- Technologies / Tools Used : AI, REST API, React, Node.js*

Smart Sanitation | 📁

Aug 2025

- Built an AI-driven sanitation management platform** to track cleaning and ensure timely maintenance across urban zones, improving hygiene and efficiency.
 - Enhanced operational planning** by analyzing sanitation data and optimizing resource allocation.
- Technologies / Tools Used : AI, REST API, Node.js, React*

SKILLS

Frameworks Libraries : React, Node.js, Tailwind CSS, HTML5

Programming Languages : Java, JavaScript

Technical Skills : Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Database Management, Software Development

Tools & Platforms : Git, GitHub, MongoDB, MySQL, Claude, MS Office, Excel

Soft Skills : Leadership, Teamwork, Problem Solving, Time Management

EDUCATIONS

University School of Automation and Robotics | New Delhi

Aug 2023 - Present

Bachelor of Technology

CGPA : 7.85

- Specialization: **Industrial Internet of Things (IIoT)**

Hamdard Public School | New Delhi

Apr 2022 - Mar 2023

Class XII

CGPA : 8.16

AWARDS & ACHIEVEMENTS

- Secured 1st place** among 1000+ teams for an **AI-based traffic optimization system**.
- Runner-Up**, NHAH Hackathon 2025: Ranked 2nd out of 138 entries for an **AI-powered highway maintenance solution**.
- Founder**: ACTS (Association of Computing, Technology and Science) at USAR, where I hosted multiple webinars, technical sessions, and hackathons.
